Thank you to our Patron Campaign donors for your support of the District 140 Music Program! Funds raised through this program directly support the choral and band students of Eureka Middle School and Eureka High School.

We invite you to join us and support our music program through the patron campaign. For more information, email [eurekahornetmusicboosters@gmail.com](mailto:eurekahornetmusicboosters@gmail.com).

Welcome to Eureka High School! It is our pleasure to host our community for this event. Following is some important information for our concertgoers this evening...

- Dinner is served between 5:00 - 7:00 p.m. Please tell the person at the table the student name you referenced when ordering your dinners, and they will check you off the list. Please enjoy your delicious dinner courtesy of Nelson's Catering!
- Wheelchair access to the building for dinner is located behind the main building, immediately north of the Music Building. Wheelchair access to the gym is located at the Gym Entrance. There is an elevator off the Spanish hallway to transport a wheelchair to the Auditorium, please ask a helper or custodian for assistance.
- There is no charge for concerts! All concerts are free, all year long, and we hope you join us again in May for our final concerts of the school year.
- Every effort will be made to start the concerts at their indicated time. They are staggered to allow for crowd movement between the Auditorium and Gymnasium, but not so far apart that it makes the evening overly long for families with students in multiple ensembles. We advise that guests make their way to a following concert in a different location as quickly as they are able in order to prevent missing the opening selection.

---

Thank you for joining us tonight for our Dinner Concert program! Tonight's selections feature some of Mr. Stalter's favorite compositions and composers for Wind Band that he has conducted with the EHS Band over the last 34 years. A special treat for us this evening is premiering a brand new work by John Mackey, "Teeth of the Mechanism" as a member of his most recent commissioning consortium.

Connect with the EHS Band via our Facebook group, and our website:
